Request for Expedited Service

Customer Name:

Installation Address:

I am requesting that Green Energy Contracting Corporation (GECC) begin the work described in my signed Project Scope of Work and Agreement as soon as possible.

Requested Installation Date:

I request work to begin on the date shown above, even if that date falls within a contractual rescission period. I acknowledge my voluntary request for an earlier installation date. GECC has not required me to request this as a condition of purchasing its products or services. I am requesting earlier service for the following personal reasons. In my own words I want expedited service because:

I voluntarily request expedited service and, to the extent permitted by applicable Maryland and Federal law, expressly request a waiver of the applicable cancellation period. I understand my request does not waive any cancellation right that cannot legally be waived.

Customer Signature: **Date:**

GECC Review – Installation may proceed only after GECC verifies equipment availability, payment requirements, and applicable legal eligibility.
